Climb ...

. . . 'TIL YOUR DREAMS COME TRUE

Often your tasks will be many,
And more than you think you can do . . .
Often the road will be rugged
And the hills insurmountable, too . . .

But always remember, the hills ahead
Are never as steep as they seem,
And with Faith in your heart start upward
And climb 'til you reach your dream.
For nothing in life that is worthy
Is ever too hard to achieve
If you have the courage to try it
And you have the Faith to believe . . .

For Faith is a mover of mountains,
There's nothing that God cannot do,
So start out today with Faith in your heart
And "Climb 'Til Your Dream Comes True!"

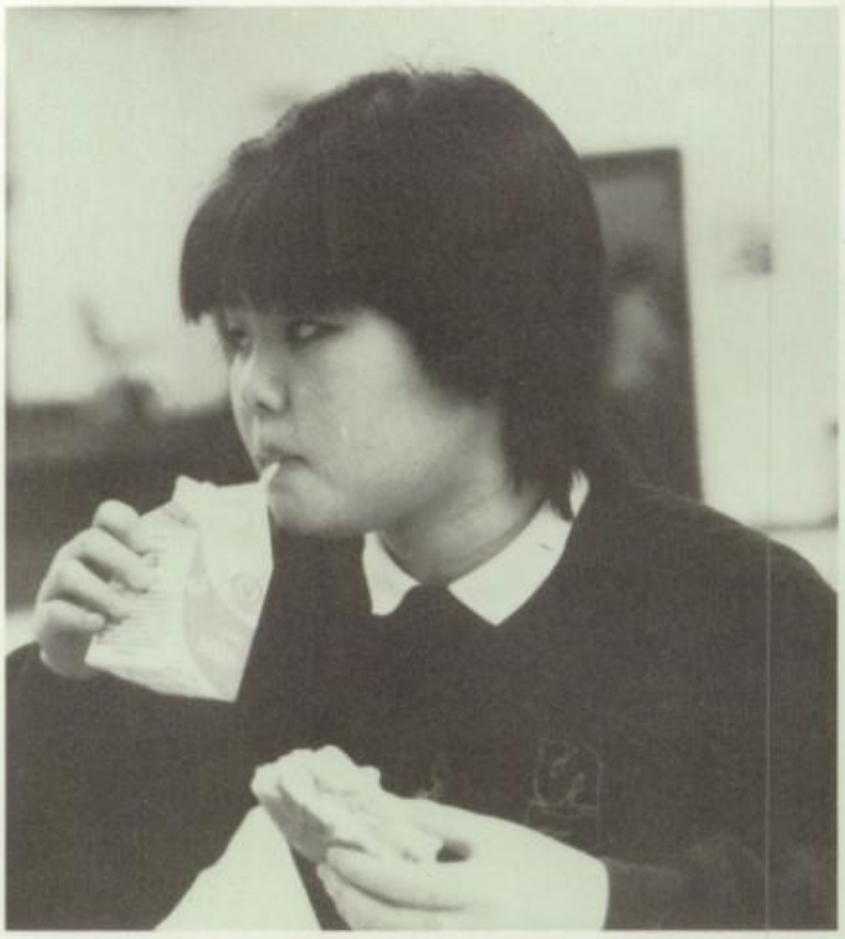
Our Foreign Friends



Adair was honored with the presence of Angela Brunke and Keiko Morita as foreign students during the 1983-84 school year.

Angela is a senior from Göttingen, Germany, living with the Jim White family, south of Adair. While being in Adair, she enjoyed her "terrific, crazy, cute family," new friends, Ken's pizzas, being a cop's daughter, and going to church in America.

Keiko is a junior from Takatsuki, Japan, living with the Vernie Due family, east of Adair. While being in Adair, she enjoyed the friendly feeling of a small school, being able to see the horizon (because in Japan you can't see past the houses), the beauty of the USA, and American life in general.

We at AHS are glad that they could spend their year in the USA with us.

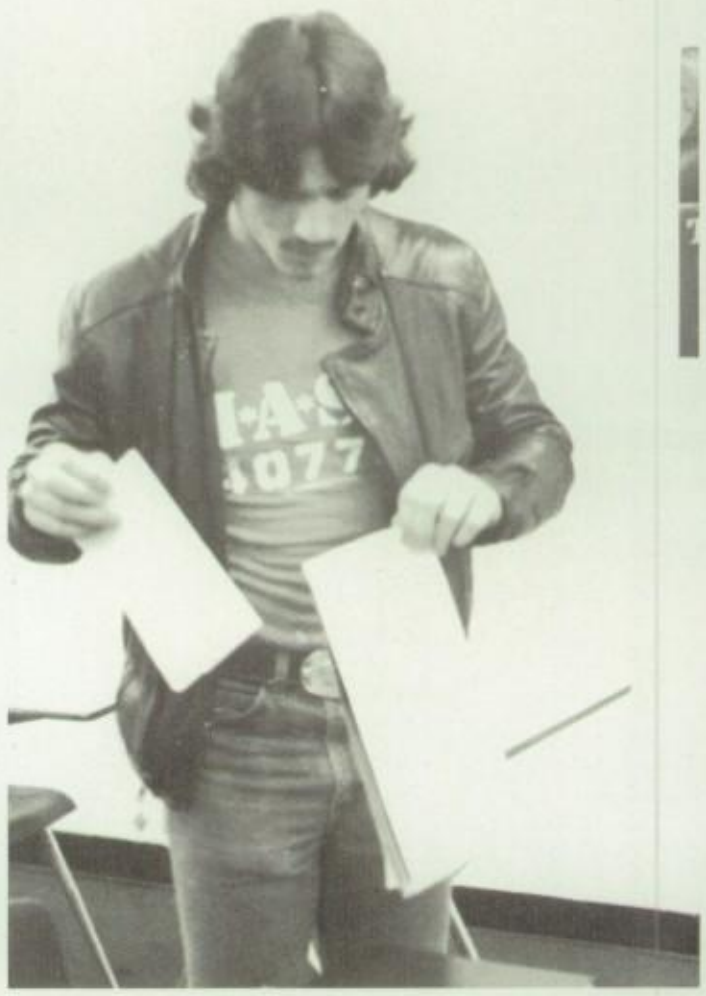
Annual staff



The making of a rainbow requires reflections of sunlight on water droplets. These result in a spectrum of color. The 1984 staff was the water droplets of this yearbook. As editor, Shelly Peper laid out the groundwork of this spectrum of memories. Tammy Peper and Chris Floyd as senior members of the staff contributed to the spectrum as assistant editor, copy editor. Aimee Allison, art coordinator, Carolyn Black, sales mgr., and Kim Harrison, ad. mgr., as newcomers to the staff blended new ideas to the spectrum.

Through these six "droplets" a beautiful spectrum of memories is now captured in this book.

To Be A 1st Grader

First grade does a lot in nine months time, Mrs. Ray and Mrs Melton give them a good start the year before. Then the firs grade teachers add to, and it seems they have work galore There's rhyming, beginnings, endings and middle sounds, and that's not enough, There's more and less, plus and minus and a that stuff. There's straight lines, slanted lines and curved line that follow through. We try for neatness, and we write our ow stories too. We cut and paste, draw and color, sing and play ba And before you know it Spring has come and we are walkin down the hall. To see what those 2n Grade Teachers have in store, because no we aren't 1st Graders anymore.

Mr. Noel E. "Gene" Winfield came to Adair as Superintendent of Schools in 1968 and is serving his sixteenth year as superintendent. During his tenure, Mr. Winfield has watched the school system grow from an enrollment of 500 students to the present count of 822. The faculty has grown from 23 teachers in 1968 to 52 at present.

But Mr. Winfield has been more than just a good business administrator and leader.

Mr. Winfield has always maintained an "Open door" Policy, encouraging students, faculty members and patrons to feel free to discuss school matters or problems with him.

As a result a great many people regard Mr. Winfield as a friend.

And so it is with gratitude and respect that we the 1983 yearbook staff, dedicate the 1983 Annual to Mr. Winfield, businessman, administrator, leader, and friend.

Dedication

A lot of people graduate from college and go on to "higher" goals of achievement, even the moon. Mrs. Winfield set high goals and went on to "smaller" things — 6 year old children with dedication she taught thirty-five years, to children in the primary grades. She has been teaching since 1968. Mrs. Winfield will be missed by students and faculty.

Senior Class Poem

"If you'll remember always
There's no goal you can't achieve
If you'll try your very hardest
And above all else believe . . .
Believe that you're a person
Who has something good to give —
Believe that you can make this world
a better place to live.
If you'll believe you're needed
And that others like you, too
Then you're sure to find there's nothing
In the world you cannot do!"
